HOSPITAL INFECTION CONTROL®

FOR 31 YEARS THE LEADING SOURCE OF NEWS AND COMMENT IN HEALTH CARE EPIDEMIOLOGY

2005 INDEX

Acinetobacter baumanii
Soldiers acquire resistant strain in Iraq, NOV:140

Abstract & Commentary
CA-MRSA decolonization, NOV:141
C. Diff infections set up by drug therapy, FEB:22
Device-related BSIs, SEP:117
HIV superbug case, JUN:78
MRSA in the community, JAN:10

Antibiotic resistance
A baumanii-resistant acquired by soldiers, NOV:140
CA-MRSA decolonization, NOV:141
Community-associated MRSA, MAY:61
MRSA in the community, JAN:10

Association for Professionals in Infection Control
applauds clearing of fire reg snag on hand hygiene dispensers, MAY:56

Bioterrorism Watch *(Supplement, all issues are available to subscribers in the archives at www.HIConline.com)*
Armageddon bug contemplated, SEP/OCT:cover
Atlantic Storm exercise MAR/APR:9
Atlantic Storm lessons, MAR/APR:11
Averting nuclear attack: MAY/JUN:19
Bioterrorism not taught in medical school, NOV/DEC:41
CDC terrorism web site, JUL/AUG:31
Chemical attack signs, MAY/JUN:12
Child victims of terror, MAR/APR:13
Cities gear up to dispense SNS, SEP/OCT:36
Curriculum on bioterrorism, NOV/DEC:44
Diagnostic software, NOV/DEC:45
Ebola vaccine on fast track, SEP/OCT:36
Emergency department response flaws: NOV/DEC:46
Hospital-based first receivers, JUL/AUG:25
Live anthrax used in research, MAY/JUN:23
Mail threats continue to be reported, JAN/FEB:5
Mandatory anthrax vaccinations halted JAN/FEB:6
New vaccines against bioterrorism agents, JAN/FEB:5
OSHA program for workers at mass casualty scenes, JUL/AUG:29
Pathogen mimics anthrax infection, JAN/FEB:7
Portable hospitals, JAN:4
Postal workers lost trust in anthrax response, MAY/JUN:22
Psychological stress of first responders and victims SEP/OCT:37
Ringing in smallpox, MAY/JUN:21
Smallpox altered through genetic engineering, JAN/FEB:1
Stress recognition and reduction, SEP/OCT:39
Temporary health care facilities, MAR/APR:14
TOPOFF counterterrorism exercise, JUL/AUG:29
Vaccines against bioterror agents, MAR/APR:16

Blood components
bacterial infections linked to, APR:46
case reports of contamination, APR:47
preventing bacterial contamination of, APR:48

Bloodstream infections
mechanical valves increase risk of, JUL:89

Centers for Disease Control and Prevention
TB risk assessments changed by, FEB:21
ICPs included in rate reporting laws, MAR:27
sterilization guidance by stalled, AUG:100

Clostridium difficile
educational handout on, JAN:6
infection control efforts against, JAN:5
virulent strain emerges, JAN:1
virulent strain continues to emerge, JUN:70
Q&A on for education, JAN:3

Need back issues? Call our order department at (800) 688-2421; inside Georgia (404) 262-7436, or e-mail: ahc.customerservice@thomson.com. *Copyright © 2005 Thomson American Health Consultants.*

Hand hygiene
APIC applauds clearing of fire reg snag, MAY:56
feds allow installation of alcohol dispensers, MAY:53
key installation requirements for alcohol dispensers, MAY:55
use of alcohol hand gel reduces infections, MAY:57

Healthcare Infection Prevention ***(Special Section)***
Rapid HIV tests and the unknown infected, FEB:18
LTC hepatitis outbreaks linked to diabetes testing, MAY:58
MRSA in the community, AUG:98

Hepatitis
HCV outbreak in nuclear medicine, JUN:68
LTC outbreaks linked to diabetes testing, MAY:58

Hurricane Katrina
Raises fear of outbreaks, OCT:121
Infection control for shelters, OCT:123

Infection control professionals
apologizing for adverse events, SEP:110
ethical challenges of job, JUN:65
CMS infection log questioned by, AUG:102
target zero infection rates, APR:45
public clueless about role, AUG:96

Infection rate disclosure laws
case finding, risk adjustment for, APR:44
CDC outcome measures for, MAR:29
CDC process measures for, MAR:28
clinicians reluctant to treat high-risk patients, AUG:93
ICPs should be included in law-making, MAR:27
May create data graveyards: MAR:30
National Quality Forum pursues national standard, APR:41
SSIs in questioned, MAR:25

Influenza
declination statements for HCWs refusing vaccine, NOV:133
keys to improving vaccination rates, NOV:135
mandatory vaccination against urged, NOV:138
masks may block transmission from patients, JAN:9
pandemic fears raise hospital stakes, OCT:126
pandemic plan takes four-pronged approach, DEC:155
rapid vaccine production key to pandemic plan: DEC:153
reconstruction of 1918 influenza, DEC:145
transmission tipping point of 1918 and bird flu, DEC:149
vaccine shortage turns to glut, FEB:16
vaccine shows promise against H5N1, OCT:127
vaccine use broadened, FEB:20
virulence factors in 1918 flu, DEC:147

JCAHO Update for Infection Control ***(Supplement)***
flu, pneumonia prevention in LTC, MAR:33
fake JCAHO surveyors, JUN:72
impending survey improves hand hygiene, JUN:7
JCAHO emphasis on hand hygiene, SEP:112
JCAHO hails hospital quality care gains, SEP:114
JCAHO praises disclosure of quality data, JUN:74
new patient safety center, JUN:73
patient safety goals for 2005, MAR:31
surveys target labs, MAR:34

Journal Reviews
Community associated MRSA, MAY:61
HCWs are not acquiring H5N1 strain in Vietnam, APR:50
MRSA and necrotizing fasciitis, MAY:62
MRSA football infections, MAY:63
vaccine supply fragile, JAN:10
Vancomycin-resistant *S. aureus*, FEB:23

Legionnaire's disease
Outbreak of in Toronto, NOV:139

Methicillin-resistant **Staphylococcus aureus**
CA-MRSA decolonization, NOV:141
community associated MRSA, JAN:10
community associated MRSA, MAY:61
chronic carriers spread in NICU, JUN:75
necrotizing fasciitis linked to, MAY:62
transmitted during football game, MAY:63

Norovirus
nosocomial pathogen or not, JUL:86
preventing spread of, JUL:87

Occupational Safety and Health Administration
warns it still can cite for TB provisions, FEB:13

Patient Safety
Patient Safety Act of 2005, SEP:116

Society for Healthcare Epidemiology of America Surveillance
urges declination statements for HCWs refusing flu vaccine, NOV:133

Surgical fires
put ICPs, fire marshals at odds, MAY:59

Surgical site infections
timing of surgical prophylaxis to prevent, JUL:81
narrow window to prevent, JUL:85

Tuberculosis
CDC issues draft guidelines for health care, JAN:7
CDC changes TB risk assessments, FEB:21
importation of via refugees, SEP:109
Q&A on, SEP:108
troubling undercurrents in U.S. trends, SEP:105
undiagnosed among HCWs, OCT:129
